

CRN# 22391 CPET 49100-01 Senior Design Project, Phase II
CRN# 22393 ECET 49100-01 Senior Design Project, Phase II
Spring 2014

Paul I-Hai Lin
Professor of Electrical and Computer Engineering Technology
Dept. of Computer, Electrical, and Information Technology
Indiana University-Purdue University Fort Wayne

TO: CPET/ECET 491 Senior Design Project II Students

FROM: Paul I. Lin, Professor of Electrical and Computer Engineering Technology

DATE: April 28, 2014

SUBJECT: Items Needed and Presentation Related Info for CPET/ECET 491 Senior Design Project II

Suggested Format for Your PowerPoint Presentation (20 minute plus 10 minutes Demo, and Q/As)

- A total of about 30 Microsoft PowerPoint slides, with slide number, good contrast (text and back ground); avoid busy slides
- First page – project title, your name, advisor and instructor name, and date
- Second page – outline page: give the highlights of the whole presentation, with such headings as Executive Summary, Introduction, Problem statement and solution, System (Software/Hardware) Requirements and Validation, System (Software/Hardware) Analysis, System (Software/Hardware) Design, Simulation, System (Software/Hardware) Integration and Testing, Validation, etc, and a Conclusion (lesson learned)
- Content Slide: be sure to use more equations, pictures, various charts and design diagrams, function names, etc
- Summary Page: Conclusion, Lesson learned
- Q/A? page
- Last page (just type: Demo), then start to make your demonstration (10 minutes)
- **Review/Presentation 7:300 PM-8:45PM, Monday, April 28**

Items Due on Tuesday, April 29, 2014

- Submit Senior Design Project Report (typo and error free, electronic copy) – **Due Tuesday, April 29, 2014, before 5 PM**, to Prof. Lin and your Project Advisor
- PPT slide (Electronic copy) – due Tuesday, April 29, 2014, before 5PM
- Making sure that the following information are referred on the cover page of your final report:
 - Project Title
 - Submitted by: Your Name
 - To Fulfill B.S. Electrical Engineering Technology Degree Requirement or B.S. Computer Engineering Technology Degree Requirement

- Names of your Project Advisor, ENGW421 Professor (if applicable), and 491 Course Professor on the cover page
- Department name: Computer, Electrical, and Information Technology
- College name: College of Engineering, Technology, and Computer Science
- University name:
 - Indiana University-Purdue University Fort Wayne , or
 - Purdue University Fort Wayne Campus
- Rehearsals of your presentation and demo

Items Due Wednesday, April 30, before 5:00 PM, 2014

- 2 hard copies of your final report
 - Placed the report in 3-ring binders (which has the front and side see-through plastic area for cover page and side label), no need to buy expensive Purdue University or IPFW binder ;
 - Insert a cover page on the outside of each binder, and
 - Insert side label – with project title and author name on the side.
- You can replace report pages if necessary before 5:00 PM, Thursday, May 1
- Submit a soft copy of your final PPT file before 5:00 PM, Thursday, May 1
- Practice your presentation and project demo (prepare your own laser pointer)

Due Friday, May 2, 2014

- ECET/CPET 490-491 Portfolio CD (placed in CD jacket) that must contains the following items:
 - ECET or CPET 490 Folder and subfolders
 - Add all the report files
 - Add all the project files
 - Add all the program file
 - Add all chart and diagram file
 - Email memos
 - ECET or CPET 491 Folder and subfolders
 - 1stProReport_Jan-27-2014: add all applicable progress report, files, programs, charts/diagrams, project files, memo, etc to this folder.
 - 2ndProReport_Feb-24-2014: add all applicable progress report, files, programs, charts/diagrams, project files, memo, etc to this folder.
 - 3rdProReport_Mar-13-2014: add all applicable progress report, programs, charts/diagrams, project files, memo, etc, to this folder.
 - 4thProReport_Mar-31-2014: add applicable progress report, files, programs, charts/diagrams, project files, memo, etc, to this folder.
 - 5thProReport_Apr-14-2014: add applicable progress report, files, programs, charts/diagrams, project files, memo, etc, to this folder
 - FinalReport-May-2-2014: add final report, PPT file, programs, charts/diagrams, project files, memo, etc
 - Burn your portfolio CD, write your name, ECET 491 or CPET 491, date on the CD

Friday, May 2, 2014, at presentation time, in room ET 346 (from 8:00AM-2:00 PM)

- Project Presentation and Demonstration

- Last minutes to replace pages of report if needed, before 8:00 AM
- A signed IPFW library copy right release form,
<http://mdon.lib.ipfw.edu/47.0.html>
- Please wear proper cloth for the project presentation
- LRC Video and audio recoding is setup for each presentation
- Each student is allocated 30 minutes for project presentation in which about 20 min for presentation and QAs, and about 10 min for project demonstration and QA's
- Each student should arrive earlier to ensure that the demo setup is ready
- Each student should stay through all presentations and help to complete peer evaluation form
- Material Needed
 - Assessment related forms – to be completed by you and returned to Prof. Lin at the end of the presentation
