

## INDIANA DUAL SEASON CHAMPIONSHIP GROUP STRUCTURE: SEASON 1 (November/December) and SEASON 2 (January/February)

Each Season's Tournament Group advances a Champion to World Festival if Indiana receives 2 invitations. If one invitation is received, the two Championship teams will be asked to compete in a remote competition with each other vying for the single invitation.

Indiana Season  
Champions and World  
Festival Bid(s)

Championship Tournaments must each receive 24 teams advancing from Qualifiers in order to be considered an official FIRST LEGO League Championship.

Purdue Fort Wayne  
Season 1 RePlay  
Championship  
(Fall; December 12)

FIRST Indiana Robotics  
Season 2 RePlay  
Championship  
(Winter; date TBA)

Season 1 and Season 2 events are all remote tournaments. Each season follows the same FIRST LEGO League judging and robot scoring criteria and requirements but each has a slightly different method for teams to deliver their tournament components for project, robot design, and robot game.
